Our Board of Directors

Mr. S K Jain
Director- Advisory

Mr. Bhupesh Aarora
Director

A visionary leader, whose remarkable journey began from a family bookstore in 1998 and led him to become a pioneering force in educational publishing and digital learning ever since. His early success as the 'Best Distributor' in 2004 was just the beginning.

He ventured into the medical publishing industry, identifying a niche for subject-wise medical books and founded a successful publishing house. With a forward-looking approach, he embraced digital transformation, launching the Nursing Next Live Application, revolutionizing nursing education. Today, as the Director of NNL, he continues to lead with a commitment to innovation & excellence, setting new standards in the education sector.

Mr. Varun Jain
Director

A young & committed entrepreneur who champions innovation and embraces new approaches. With a strong grasp of economics, he oversees our finances, ensuring the company meets its goals and objectives, while providing balanced guidance to other departments as well.

Recognizing the importance of skill enhancement, education, and experience, he fosters an environment conducive to business growth. His humility is evident in his equitable treatment of employees, providing them with ample opportunities for personal and professional growth.

Under Mr. Varun Jain's guidance, the company continues to achieve new milestones, diversifying its offerings to meet evolving market needs.

About Nursing Next Live

Nursing Next Exam Prep Private Limited is an affiliated company of CBS Publishers & Distributors Pvt. Ltd., a renowned pioneer in Health Sciences Publishing known for its innovative ideas and progressive initiatives. CBS, having made a mark in the field of book publishing, ventured into the Nursing EdTech sector with the vision of delivering high-quality Nursing Education at the click of a button through its platform, Nursing Next Live (NNL) as an independent entity.

The idea was conceptualized in August 2019 and launched in August 2020, driven by the recognition of the need to bridge the gap between Medical and Nursing Education. It is an all-encompassing platform designed with a futuristic approach to cater to the learning needs of Nursing Students, covering everything from undergraduate studies to exams such as NORCET/NCLEX/MSc & UG. The platform offers a variety of learning modules based on the latest INC Syllabus, meticulously curated by Top Medical & Nursing Educators.

The Core of **Our Approach**

Our every action is aimed at positively impacting student learning. We are trusted to deliver the highest quality content and employ proven strategies to assist students in achieving their dream jobs and securing excellent academic results.

Innovation

By constantly exploring new avenues, we keep updating the mode of learning to enhance the quality of Nursing Education.

Conceptualized Learning

We encourage students to focus on understanding concepts rather than rote memorization to develop critical thinking skills.

Result-Oriented

'Your Success is Our Motto'. Taking ownership, meeting commitments and delivering measurable success are at the core of our approach.

Our Academic Heads

Dr. Sakshi Arora Hans

Academic Head- Medical

With over a decade of teaching experience, Dr. Sakshi Arora Hans is renowned for her simplified approach to Obstetrics and Gynecology, shaping the careers of numerous medicos. She holds a DGO from MLN Medical College Allahabad and authored bestsellers for Jaypee Brothers Medical Publishers, Delhi, including titles like "Self-Assessment and Review of Obstetrics and Gynaecology". Her books aid students in entrance examinations nationally and internationally. As a seasoned publisher, she has revamped several undergraduate medical textbooks and mentored editors, guiding their careers.

She directs GSOG classes and serves on the faculties of Marrow and NNL, contributing significantly to the careers of medicos' and nursing students' careers worldwide, in addition to her involvement with Nursing Next Live.

Ms. Sabina Ali

Batch Mentor & Academic Head- Nursing

An accomplished professional in the field of nursing with a specialization in Critical Care Nursing. She brings over 8 years of extensive experience in both clinical practice and academia.

Her expertise lies at the intersection of providing exemplary patient care in critical situations and fostering a nurturing learning environment for aspiring nursing professionals. With a profound understanding of the intricacies of critical care and a passion for education, she is dedicated to shaping the future of nursing through comprehensive academic guidance and mentorship.

1. Facilitating a seamless onboarding process & introduction to the study plans and other services with structured orientation sessions.
2. Offering comprehensive guidance and counselling at every stage of the learning journey, ensuring proper support and assistance to you.
3. Promptly and effectively addressing your queries and concerns to provide you with the necessary information and assistance on a personalized level.
4. Understanding and fulfilling your needs and actively gathering feedback and insights, allowing for continuous improvement and refinement of services.
5. Keeping you informed and up-to-date with the latest information about tests, classes, study materials, exams and other relevant updates via WhatsApp groups and Telegram channels.
6. Creating a supportive environment for students you to thrive in the learning journey, fostering a sense of belonging and motivation.

All About AIIMS NORCET

AIIMS: All India Institute of Medical Sciences is an autonomous body governed by Central Government rules. In the year 2020, for the very first time AIIMS has introduced a Common Eligibility Test for selected AIIMS Institutes of India for Nursing Officer entrance examination in the form of AIIMS NORCET.

Securing Nursing Officer job in AIIMS is a dream career for every Nursing Graduate. Online Application is invited for the Nursing Officer Recruitment Common Eligibility Test (NORCET) for the recruitment of Nursing Officers post for all the AIIMS across India. The number of vacancies depends on the vacant seats which vary year to year.

WHO ALL CAN APPLY?

Candidates who are willing to appear for the exam should check the eligibility criteria before filling up the application form. The eligibility criteria for AIIMS NORCET are depicted in the table given below:

Eligibility Criteria for Appearing in NORCET	
Essential Qualification	
I	a. BSc. (Hons.) Nursing/BSc. Nursing from an Indian Nursing Council/State Nursing Council recognized Institute or University OR BSc. (Post-Certificate)/Post-Basic BSc. Nursing from an Indian Nursing Council/State Nursing Council Recognized Institute/University. b. Registered as Nurses & Midwife with State/Indian Nursing Council OR
II	a. Diploma in General Nursing Midwifery from an Indian Nursing Council/State Nursing Council Recognized Institute/Board or Council b. Registered as Nurses & Midwife in State/Indian Nursing Council. c. Two Years' Experience in a Minimum 50 bedded Hospital after acquiring the Educational Qualification Mentioned above as applicable for all Participating AIIMS. Remarks: The required two years of experience as in above is an essential criterion, and to be valid, the experience shall be acquired after obtaining Essential Qualification, i.e., after completing the residency period of the course, declaration of result & registration with the State/Indian Nursing Council.
Age Limit	
1. For all AIIMS: Between 18-30 Years. (As per detail given in Age relaxation in General Conditions subject to Age Relaxation as per Recruitment rules of respective Institutes/Hospitals.) 2. Age shall be counted on the last date of closing of the application form.	
Application Fees (subject to change)	
A. General/OBC Candidates -₹3000/- (Rupees Three Thousand only) B. SC/ST Candidates/EWS -₹2400/- (Rupees Twenty-Four Hundred only) C. Persons with Disabilities -Exempted <ul style="list-style-type: none"> ▪ The candidate can pay the prescribed application fee through DEBIT CARD/CREDIT CARD/NETBANKING. Transaction/Processing fee, if any, as applicable, will be payable to the bank by the candidate. ▪ Application fee, once remitted, shall not be refunded under any circumstances. ▪ Applications without the prescribed fee would not be considered and summarily rejected. ▪ Application Fees of SC/ST candidates who appear in the Examination will be refunded after the declaration of results in due course of time. 	

Age Relaxation

- Cut-off date to determine eligibility in terms of the age of candidates will be the last date for Online submission of applications.
- SC/ST/OBC candidates who opt to apply for unreserved vacancies will not be eligible for age relaxation or relaxation in cut-off marks otherwise allowed to those belonging to these categories. Further, reserve category candidates (SC/ST/OBC) who become eligible by age relaxation applicable in their case will be considered only for reserved seats of the category to which they belong even if they have the merit to be considered otherwise for UR.

- In pursuance of guidelines contained in DOPT OM No. 1667569393892 dated 06.09.2022, the age concession to the persons with disability shall be admissible irrespective of the fact whether the post is reserved for person with disability or not, provided the post is identified suitable for relevant category of disability.
- PWBD candidates with disabilities mentioned in Section 34 (1) of Rights of Persons with Disability Act, 2016, and as identified by the Institute the post of Nursing Officer is identified for **OL, AAV, Dw and LC (OL)**, provided they have benchmark disability of equal to or more than 40%.
- Age relaxation is permissible to various applicants is as under:

S. No	Category	Age Relaxation permissible beyond the Upper age limit beyond 30 years.
1.	SC/ST	5 years
2.	OBC	3 years
3.	PWBD	10 years, subject to the condition that maximum age of the applicant on the crucial date shall not exceed 56 years.
4.	PWBD + OBC	13 years, subject to the condition that maximum age of the applicant on the crucial date shall not exceed 56 years.
5.	PWBD + SC/ST	15 years, subject to the condition that maximum age of the applicant on the crucial date shall not exceed 56 years.
6.	Ex Servicemen and commissioned Officers including ECO/SSCOs	5 years
7.	Central Govt. Civilian Employees—for Group B posts	
	• Central Govt. Civilian Employees (General/Unreserved) who have rendered not less than 3 years regular and continuous service as on closing date for receipt for online submission of application	5 years
	• Central Govt. Civilian Employees (OBC) who have rendered not less than 3 years regular and continuous service as on closing date for online submission of application.	8 (5 + 3) years
	• Central Govt. Civilian Employees (SC/ST) who have rendered not less than 3 years regular and continuous service as on closing date for online submission of application.	10 (5 + 5) years

Note: Age relaxation is applicable only to Central Government employees and not to Personnel working in autonomous/statutory bodies, or public sector undertakings. AIIMS employees will not be considered as Central Govt. employees for the purpose of Age relaxation.

HOW TO APPLY FOR AIIMS NORCET?

Eligible candidates can apply online through the official website by following the given steps below:

- STEP 1** Log on to the official site of AIIMS: aiimsexams.ac.in
- STEP 2** Select Recruitment Tab
- STEP 3** Move to Nursing Officer Tab
- STEP 4** Find and download the official notification
- STEP 5** Read the official notification carefully
- STEP 6** Confirm your eligibility to apply
- STEP 7** Click on the online application link to apply
- STEP 8** Keep the details ready that you need to enter in the online application
- STEP 9** Then follow the instructions given and complete the online application
- STEP 10** Pay the application fee as required
- STEP 11** Always have two printed copies of online application, proof of payment for future use

WHICH AIIMS INSTITUTES COME UNDER NORCET?

AIIMS Delhi conducts the Common Eligibility Test for the post of Nursing Officer Group B. After the entrance examination, the AIIMS releases the merit list & the shortlisted candidates in this NORCET can apply for many AIIMS institutions for direct placement whenever they recruit Nursing Officers.

UPDATED LIST OF AIIMS INSTITUTIONS

In the year 2022, NORCET Examination included more Central Government Institutes for recruitment Process:

- | | |
|-----------------------|---|
| 1. AIIMS Bathinda | 13. AIIMS New Delhi |
| 2. AIIMS Bhopal | 14. AIIMS Patna |
| 3. AIIMS Bhubaneswar | 15. AIIMS Rae-Bareilly |
| 4. AIIMS Bibinagar | 16. AIIMS Raipur |
| 5. AIIMS Bilaspur | 17. AIIMS Rajkot |
| 6. AIIMS Deoghar | 18. AIIMS Rishikesh |
| 7. AIIMS Gorakhpur | 19. AIIMS Vijaypur |
| 8. AIIMS Guwahati | 20. Dr RML Hospital (RMLH) |
| 9. AIIMS Jodhpur | 21. Safdarjung Hospital (SJH) |
| 10. AIIMS Kalyani | 22. Lady Hardinge Medical College & Smt. Sucheta Kriplani Hospital (LHMC & SSKH); |
| 11. AIIMS Mangalagiri | 23. Kalawati Saran Children's Hospital (KSCH) |
| 12. AIIMS Nagpur | |

PATTERN & SCHEME OF EXAMINATION

- **Pattern**
 NORCET examination will be conducted in two successive stages as described below :
 Stage I: NORCET Preliminary
 Stage II: NORCET Main
 - **Stage I: NORCET Preliminary**
 - ◆ **Scheme of Examination**
 - ❑ The NORCET Preliminary stage is a qualifying examination where a candidate who qualifies in the test will be allowed to appear in Stage II: NORCET Main, subject to conditions as described below for preparation of the list of candidates called for Stage II.
 - ❑ NORCET Preliminary will not be used for deciding Merit/Rank for final selection.
 - ❑ The duration of the examination shall be 90 minutes.
 - ❑ 100 MCQs of 100 marks with four alternatives for each question (20 MCQs related to General Knowledge & Aptitude & 80 MCQs related to the syllabus of Nursing courses being taught at the essential qualification level).
 - ❑ There will be a negative marking of 1/3 marks for each wrong answer.
 - ❑ Question paper will be divided in 5 sections each of 18 minutes duration, where each section will contain 20 question.
 - ❑ There will be sequence in which each section will be enabled to view/answer questions. Access to visible/active part to view/answer will be disabled after lapse of set duration and next section will be automatically activated/visible and so on.
 - ❑ Examination will be submitted automatically. Each section will appear one by one during the 90 minutes duration at one time only. You will be allowed only to attempt questions in the currently active section which will remain enable for set time and it will never come back again for any action after moved to next section.
 - ❑ You will not be allowed to view or answer any questions section rather than currently active/visible part. Hence, attempt all possible question during the given time period including review of any skipped question or question marked for review etc.
 - ❑ The qualifying marks in the Stage I: NORCET Preliminary Examination will be 50 percentiles for UR/EWS, 45 percentile for OBC and 40 percentile for SC & ST. For PWBD, an additional 5 percentile relaxation will be given irrespective of the category. Accordingly, qualifying marks for PWBD will be as follows UR/EWS-PWBD-45 percentile, OBC-PWBD-40 percentile and SC/ST-PWBD-35 percentile). As per DOPT office memorandum No. No.36035/02/2017-Estt (Res) dated 15.01.2018 same relaxation standard should be

applied for all the candidates with Benchmark Disabilities whether they belong to Unreserved/SC/ST/OBC. No further relaxation of standards will be considered or admissible in favour of any candidate from any category whatsoever.

◆ **Preparation of List of Qualified Candidates for Stage II**

- Candidates qualifying as per the scheme of examination in Stage I equal to 5 times the total seats in each category (UR, OBC, SC, ST, EWS) will be called for Stage II subject to the following additional points:
 1. All qualified PWBD candidates will be called for Stage II.
 2. All tie cases from the qualified candidates with the last candidate in the list of candidates called for Stage II will also be called for Stage II.
 3. There may be a situation where a candidate is qualified but not called for Stage II examination.

■ **Stage II: NORCET Main**

◆ **Scheme of Examination**

- The duration of the examination shall be 90 minutes.
- 100 MCQs of 100 marks with four alternatives for each question related to the subject covering the entire syllabus of Nursing courses being taught at the essential qualification level focused towards case scenario-based questions for testing nursing skills competency.
- There will be a negative marking of 1/3 marks for each wrong answer.
- Question paper will be divided in 5 sections of 18 minutes each containing 20 questions.
- There will be sequence in which each section, which will be enabled to view/answer questions. Access to visible/active part to view/answer will be disabled after the set duration expires and next section will be automatically activated/visible and so on.
- Examination will be submitted automatically after 90 minutes. Each section will appear one by one during 90 minutes' duration at one time only for the set section duration. You will be allowed only to attempt questions in the currently active section which will remain enable for set time and it will never come back again for any action after moved to next section.
- You will not be allowed to view or answer any questions section rather than currently active/visible section. Hence attempt all possible question during the given time period including review of any skipped question or question marked for review etc.
- The qualifying marks in the Stage II, NORCET Mains Examination will be 50% for UR/EWS, 45% for OBC and 40% for SC & ST.

For PWBD, an additional 5% relaxation will be given irrespective of the category. Accordingly, qualifying marks for PWBD will be as follows UR/EWS-PWBD-45%, OBC-PWBD-40% and SC/ST-PWBD-35%). As per DOPT office memorandum No. No.36035/02/2017-Estt (Res) dated 15.01.2018, the same relaxation standard should be applied for all the candidates with Benchmark Disabilities whether they belong to Unreserved/SC/ST/OBC. No further relaxation of standards will be considered or admissible in favour of any candidate from any category whatsoever.

- If a CBT examination is conducted in multiple shifts, the respective normalisation procedure at AIIMS published vide Notice No. 35/2023 dated 20.01.2023 shall be applicable.

◆ **Resolution of Tie Cases**

In cases where more than one candidate secures equal MARKS, tie will be resolved;

- First, by using date of birth with older candidates placed higher;
 - If not resolved by (i), the number of wrong answers/negative marks will be used, wherein those with fewer wrong answers/negative marks will be placed higher;
- Merit will be reflected accordingly in the NORCET Score.

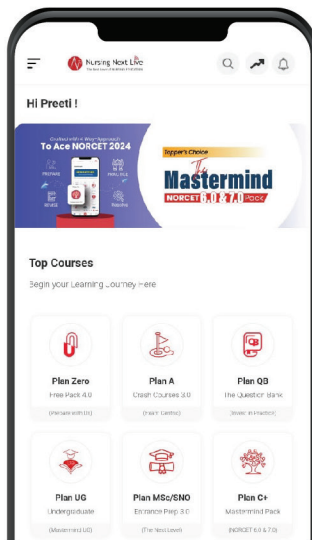

WHAT WILL BE THE SELECTION CRITERIA?

● **Preparation of Merit List & Allocation of Seats (Based on Stage II NORCET Mains)**

- Merit List of qualified candidates will be prepared based on performance in CBT as per qualifying criteria in Stage II NORCET Mains. If a CBT examination is conducted in multiple shifts, the respective normalisation procedure at AIIMS published vide Notice No. 35/2023 dated 20.01.2023 shall be applicable.

Four-way Approach of **Plan C+ Gold Edition**

01

Watch and Learn

Enhance your understanding of both clinical and non-clinical subjects through engaging live interactive classes by Mastermind Faculty.

Practice and Prepare

Solidify your knowledge by integrating learning with comprehensive practice with a range of tests, from basic to advanced levels, designed to align with the latest NORCET and NCLEX patterns.

02

03

Revise and Retrieve

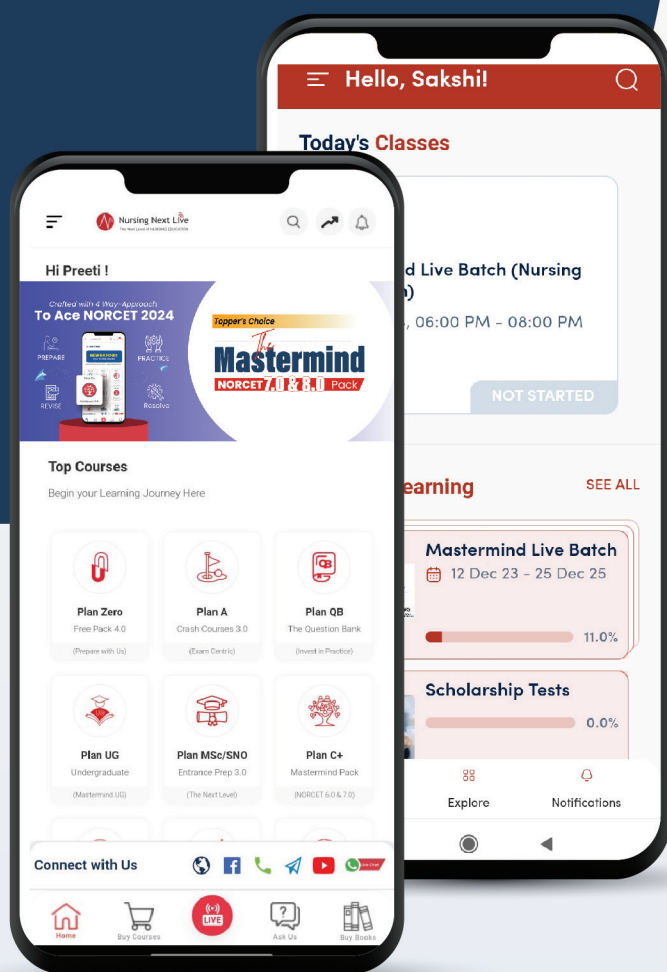

Optimize your last-minute preparations through the Golden Points Chanting Session and the Super 36 Practice Test Series.

Guidance & Counseling

Receive personalized guidance and counseling throughout your learning journey from day one to the day of the exam.

04

Introducing

Plan C+

Gold Edition

New Content | **New Updates**
New Features | **New Interface**

We are thrilled to introduce Plan C+ Gold Edition, the ultimate guide for achieving a top rank in NORCET! Plan C+ Gold Edition seamlessly integrates Conceptual Learning, Practice and Revision. Given NORCET's new stage-wise pattern (Stage 1: Mains and Stage 2: Prelims), extensive practice and robust revision, coupled with a strong foundation, are crucial.

This comprehensive plan includes numerous hours of Mastermind- guided lectures in both Hinglish and English, featuring new recordings by faculty covering several completely revised subjects, including AHN Medicine, MHN, NE, NM, NRS, Microbiology, Pathology & Genetics, Ophthalmology, B&N, Pathophysiology and Aptitude & Reasoning. It also offers extensive fastrack revision classes, the Super 36 Test series, and Test & Discussion (TAD) videos.

Plan C+ Gold Edition provides a guided study approach with foundation, intermediate, and fastrack batches, and thousands of new questions across various tests. The extensive test series features questions in Attempt & Review Mode, adhering to NORCET and NCLEX patterns, ranging from basic to advanced levels.

Why **C+ Gold Edition?**

Seeking **NORCET?**
Seek NNL

We just don't say it, we mean it! We are the pioneers of introducing digital education into the nursing profession. For nursing professionals, NORCET is one of the most prominent as well as the most challenging exam, given its vast syllabus and considerably insufficient time to cover it.

Nursing Next Live has successfully laid out a holistic curriculum under the guidance of India's top educators— The Masterminds, addressing such problems faced by the aspirants, which sets us apart from the rest of the crowd.

Over the last four years, there have been over four thousand selections for NORCET from Nursing Next Live. We firmly believe in bringing education to people instead of people going around, looking for it. Our teaching methodologies and study plans are structured in such a format that aids students/ aspirants who work hard towards realizing their dreams, achieve success in the NORCET exam.

Towards **Comprehensive Learning**

Each topic and subject is taught in precise detail to affirm a strong conceptual understanding.

Our strategy lays equal emphasis on the preliminary as well as main exam preparation.

To better aid students with the preparation, we conduct tests at regular intervals. Practice to perfection is aimed with a range of tests from basic to advanced levels.

Revision phase involves rigorous practice and recalls of previously acquired knowledge with previous year question papers.

A sufficient amount of learning & practice is devoted to each batch's preparation strategy, ensuring no student requires any additional support for success.

General Guidelines for **Guided Study Plan**

Success is built on discipline, and discipline is governed by a set of rules. Here are some important instructions for all Nextians:

1. We have established an exclusive Telegram Group named "Nursing Foundation Batch" for all students of the Foundation Batch. It's mandatory for students to join the "Nursing Foundation Telegram Channel" using their registered mobile numbers. If you are using an alternative number for Telegram, kindly update it with the RM at the beginning.
Note: Frequent changes to phone numbers are not allowed.
2. All the latest updates and vital information will be shared exclusively through the Telegram Channel and registered email IDs. This communication is intended solely for MM Nextians. Please refrain from circulating this information among non-subscribers.
3. After subscribing, all students must submit the KYC/CONSENT FORM. Failure to do so within 5-7 days might lead to suspension of your subscription.
4. There are two study plans available:
 - Self Study: Designed for working students with limited daily study time.
 - Guided Study: Tailored for students dedicated to studying 06 to 08 hours daily.
5. Upon subscription, you will receive an E-Welcome Kit/P-Welcome Kit. This kit includes comprehensive month-wise planners for both Self Study and Guided Study, details of Study Schedule and Doubt Resolution sessions, along with an overview of the package's contents.
6. For any scientific or technical queries, reach out via email to nextians@nursingnextlive.in. Ensure you provide your name, mobile number, subscribed plan, and the nature of your query. Our team will respond within 48 working hours. Alternatively, you can use WhatsApp chat to share your queries.

For Guided Study Plan

If you're following the Guided Study Plan, here are specific guidelines to maximize your learning:

1. Stick to the daily study plan as outlined.
2. Use the dedicated email ID nextians@nursingnextlive.in to share your queries and concerns.
3. Before watching lectures, evaluate your understanding using SAT (Subject Assessment Tests) and create a list of your strong and weak areas.
4. Prioritize attempting Previous Years' Papers to acquaint yourself with the exam pattern. A significant portion (30 to 40 percent) of questions often comes from these papers.
5. Don't overlook the importance of the subject-wise revision test. It helps gauge your preparation level once you completed the subject.
6. Attend Live Doubt Sessions to have your queries addressed effectively.
7. Ensure your presence in all scheduled live classes, as they play a vital role in resolving doubts and clarifying concepts.
8. Participate in the National NORCET Skill Assessment Test without fail. NNSAT is based on the recent pattern of NORCET exam. It provides insights into your preparation.

Remember, success is a result of consistent effort and adherence to these guidelines.

Best of luck on your journey as a Nextian!

PERSONALIZED GUIDANCE & COUNSELING

Know Your Tests

Subject Assessment Tests

The Subject Assessment Test is designed to evaluate your knowledge of a specific subject before you begin learning it in depth. Scheduled before the Live Class for the subject, this test covers the entire syllabus. Your performance in the SAT will inform guidance on strengthening weaker areas.

Topic Assessment Tests

After classes on various topics, the Topic Assessment Test gauges your comprehension of the topics covered. If your performance doesn't meet the expectations, you'll be advised to re-visit relevant video recordings in the NNL Classroom's archive.

Subject Revision Tests

Following the completion of a subject's study, the Subject Revision Test evaluates your overall grasp of the subject matter. It serves to assess the knowledge acquired throughout the course in the NNL C

High Yield Topic Tests

These tests concentrate on key topics with a high likelihood of appearing in examinations. They help you focus your preparation on areas with the greatest potential impact on your results.

System-wise Tests

Instead of focusing on individual subjects, these tests assess understanding in an integrated manner, organized by systems. They offer a holistic understanding of interconnected concepts within a system.

Image Based Question Tests

Designed to prepare you for image-based questions commonly encountered in NORCET exams, these tests utilize images to assess your ability to interpret and answer questions effectively.

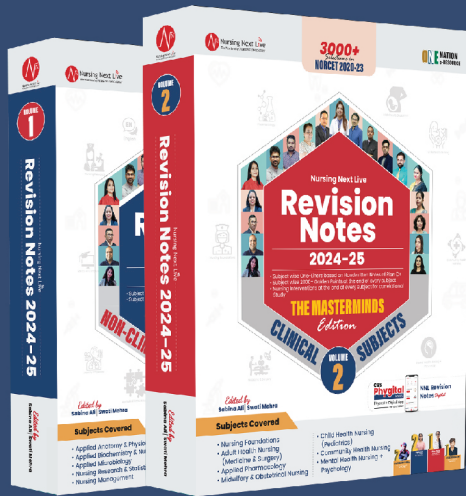

National NORCET Prelims & Mains Tests

Designed to match the real NORCET exam pattern, these tests contain a total of 100 Qs from basic to advanced level, based on clinical scenarios. Once attempted, you are provided with a rank and an analysis to give you a real-time experience.

Revision Notes (Vol 1 & 2)

2024-25

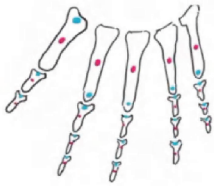

- Handwritten notes of high-yield topics from the conceptual lectures of top medical and nursing faculties' conceptual lectures
- Encapsulates important one-liners, figures and tables for easy comprehension
- In-depth coverage prepares students thoroughly for various nursing competitive exams
- Includes important nursing interventions for quick and thorough revision.

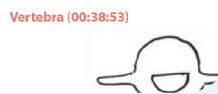

High-Yield Topics

The high yield-topics are presented in handwritten format covering important one liners.

- Miniature long bones (short long bone)
 - Only 1 epiphysis and 1 diaphysis e.g. Metacarpal and phalanges

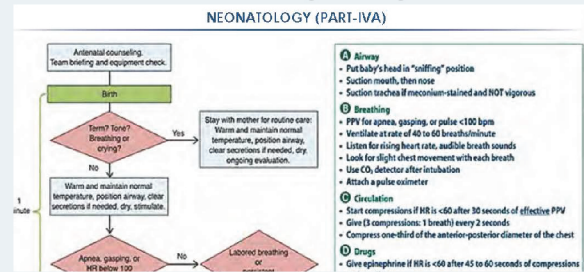

- Sternum, ribs, scapula
 - Forms thoracic cavity
 - Protection of heart and lung
 - E. Irregular bones: eg Hip bones, vertebra

Important Images and Flowcharts

Visual Aids including charts, graphs, and illustrations to enhance understanding and longer retention

Concise & Easy to Understand

Concise text in bullet form for easy review and recollection

ANTIGEN-ANTIBODY REACTIONS FULL

Importance of Antigen-Antibody Reactions (00:01:08)

- Immune elimination of antigen.
- Tissue damage in hypersensitivity reactions and autoimmune disease.
- Identification of microorganisms and diagnosis of diseases
- Epidemiological studies (Prevalence of infection)

Types of Antigen-Antibody Reactions (Precipitation Reaction) (00:09:19)

- Precipitation reactions:** Soluble antigen when it reacts with its antibody in presence of electrolytes at a specific temperature and pH. Insoluble precipitate → settles at bottom. If precipitate floats onto the top → Flocculation test

Golden Points

Golden points of high-yielding topics in one liner form from all the Non-Clinical Subjects. For quick reference refer to our PODCAST Channel

GOLDEN POINTS

BASICS OF ANATOMY

- Movement of an extremity away from the midline of the body is known as abduction.
- Movement of an extremity towards the midline of the body is known as adduction.
- Straining of the joint is known as extension.
- Bending motion that decreases the angle of the joint is known as flexion.
- Flexion occurs when the radius is moved from a position parallel to the ulna to one where it crosses over the ulna whereas supination is the return motion.
- The appendicular skeleton consists of the pectoral and pelvic girdles and the long bones of the limbs.
- Fibrous connective tissue is found in the vocal cord of humans.
- There are 62 bones in the lower extremities of the body.
- Outer layer of the bone is known as periosteum.
- Inner covering of the bone is known as endosteum.
- Long bones in humans include humerus, radius, ulna, femur, tibia, fibula, metacarpals and phalanges.
- Short bones include carpal and tarsal bones.

Mnemonics

Mnemonics are frequently used to make the difficult concept easy to memorize

Secretions (00:07:58)

Pituitary gland

Go → GH

And → ACTH ← CRH

Take → TSH ← TRH

Plate → PH ← PIH

Ful → FSH ← GnRH ← GnRH

Laddu → LH

Functions (00:10:45)

- Controlly ant pituitary gland secretion

II. SIADH syndrome

d/t drugs

↑↑↑ ADH → ↑ water retention

↓ urine

III. Narcolepsy

Hypoth inj

≠ at sleep centre

Sudden attack of sleep

IV. Cataplexy

Narcolepsy to sudden uncontrolled

Nursing Interventions

For Clinical Application and implementation, Subject wise Nursing Interventions are covered at the end of the respective subject to get an approach towards correlational studies.

1. CONGESTIVE HEART FAILURE

If patient is hospitalized, monitor vital and oxygen saturation level before, during and immediately after the activity.

- Ensure heart rate should return to normal value within 3 minutes following the activity.
- Monitor I&O every 2 hourly and document carefully.
- Assess rate the lungs and weigh patient daily to monitor fluid status.
- Encourage visitors to adhere to prescribes diet. Patients with HF are generally on low-sodium diet.
- Provide reclined position to facilitate breathing. It reduces venous return to the heart (preload), pulmonary congestion and pressure on diaphragm.
- Assess for cyanosis, wheezing, frothy blood-tinged sputum, labored breathing, profuse sweating and cool clammy skin to identify the risk of pulmonary edema.
- Assess for early signs and symptoms of right and left ventricular failure.
- Monitor ABG values and other lab values.
- Monitor for signs of altered cardiac function. Continuous ECG to be done.
- In case of children, avoid cardiac workload by making sure mother is present all the time. Do not force any procedure when child is not cooperating. Encourage breastfeeding if child is less than 1 year of age.
- Ensure the use of strict aseptic techniques.
- Prevent infection and administer antibiotics as prescribed.

Practice Pearls

2024-25

- Concept Maps
- One Touch Glimpses
- NORCET(AIIMS) Recall 2023/2020
- Most Probable Questions

NORCET Recall

Subject-wise Qs from NORCET 2020-23 with answer key for your quick reference on the recent pattern of the exam.

NORCET 2023 (PRELIMS)

- Which of the following vitreous deficiency leads to bleeding?
 - Wegener's
 - Marfan's
 - Marfan's
 - Marfan's
- Identify the position shown in the image.
 
 - Prone
 - Supine
 - Left lateral
 - Right lateral
- Identify the instrument used to treat.
 
 - Diathermy
 - Diathermy
 - Diathermy
 - Diathermy

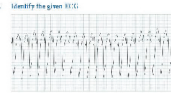

Probable Questions

High yield Yielding probable questions of all subjects with good strike rate framed by the Masterminds with answer keys.

PROBABLE QUESTIONS

MEDICAL/SURGICAL NURSING (MEDICINE)

- Who discovered BCG?
 - Hirtzberg
 - Calmette
 - Robt Koch
 - Wallerstein
- Which is NOT a symptom of...
 - ... (text obscured)
 - ... (text obscured)
 - ... (text obscured)
 - ... (text obscured)
- ECG machine runs at a standard rate of...
 - 50/100
 - 50/100
 - 50/100
 - 50/100
- What is normal PR interval?
 - 120-200ms
 - 120-200ms
 - 120-200ms
 - 120-200ms

7. Identify the given ECG.
 

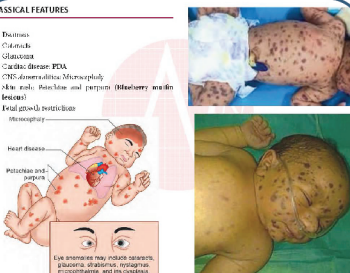

- Ventricular tachycardia
- Paroxysmal atrial tachycardia
- SVT
- Normal ECG

Concept Maps

One page information in images, tables, flowcharts for quick revision of important facts and figures before the exam.

CLASSICAL FEATURES

- Diagnosis
- Chills
- Urticaria
- Cardiac disease (PDA)
- CNS disease (Meningitis)
- Alveolar, bone pain and paronychia (Osteomyelitis)
- Focal growth restriction

Heart disease
Pustules and vesicles
Live animals may possess bacteria, glucose, streptococci, meningitis, osteomyelitis, and meningitis.

E-notes

Important high yield yielding topics in the form of oneliners, tables, flowcharts for quick recall & retention.

DEFINITION

Rheumatic fever is an inflammatory reaction that can develop as a complication of a streptococcal infection, such as streptococcal pharyngitis.

Good to Remember

Major criteria	Minor criteria
J Joint involvement	C CRP increased
O O looks like a heart = myocarditis	A Arthralgia
N Nodules, Subcutaneous	F Fever
E Erythema marginatum	E Elevated ESR
S Sydenham chorea	P Prolonged PR interval
	A Awareness of rheumatism
	L Leukocytosis

Diagnosis

Throat cultures growing GABHS or elevated anti-streptolysin O titre + 2 Major criteria OR 1 Major criterion and 2 Minor criteria

One Touch Series

One Touch Series is a series of book published by CBS and authored by the Masterminds and other renowned authors. It consists of high yield topics, figures, flowcharts in a concise manner. It helps with easy learning, revision & retention of the topics for long time.

SIGNS IN PREGNANCY

Presumptive signs	Probable signs	Positive signs
Amenorrhoea	Goodell's sign—softening of cervix (Soft sign to become positive @ 6 weeks)	Fetus seen on ultrasound
Nausea/vomiting	Hegar's sign—softening of uterine fundus. On bimanual palpation, vaginal and abdominal fingers touch each other (see Image 5)	Hearing fetal heart sounds
Fatigue	Chadwick's thick discoloration of vagina and vulva (Chadwick's sign)	Palpation of fetal parts
Urinary frequency	Osander's sign—lateral vaginal fornix pulsations	Fetal skeleton seen on X-ray
Braxton-Hicks contractions	Pelvic's rhythmic uterine contractions	
Quickening	Pilodsky's—unequal growth of uterus	
Positive pregnancy test	Increased pigmentation	

Image 5: Hegar's sign

NORMAL NEONATAL CONDITIONS

NOTE: NGH is a common neonatal condition.

- Note the color, size, and position.
- Note the shape and position.
- Note the shape and position.
- Note the shape and position.

Pustular melanosis
Malignant spots
Elevated or elevated, but seen over angles

Distinguishing features of

Plan C+ Gold Edition

Elements	NORCET 7.0	NORCET 8.0
Approach	Guided Study Approved covered complete Syllabus with one set of revision	Guided Study Approved covered complete Syllabus with two set of revision
Guided Study Daily Schedule	8-9 Hours of daily study	6 Hours of daily study
Conceptual Lectures of All subjects by the Mastermind Faculty	1200+ Hours of recorded videos in Hinglish & English	1200+ Hours of recorded videos in Hinglish & English
New Content	400+ hrs of new content. 10 subjects completely revised by the new faculty	400+ hrs of new content. 10 subjects completely revised by the new faculty
Practice Tests based on the latest NORCET Pattern	13K New Qs basics to advance in Practice & Review Mode	23K New Qs basics to advance in Practice & Review Mode
Last Minute Practice Test	Super 36 (A) with 4000+ Qs	Super 36 (A) with 4000+ Qs & Super (B) 4000+ Qs
Fastrack Session	200+ Hours of all new fastrack classes	200+ Hours of all new fastrack classes
Revision Book	NNL Revision Book (Vol 1 & 2) & Practice Pearls	NNL Revision Book (Vol 1 & 2) & Practice Pearls
NNL One	NA	New Feature
PODCAST	30+ Hours of Recorded PODCAST	30+ Hours of recoded PODCAST & Live PODCAST Channel
Handwritten Notes	All subject handwritten notes integrated with video lectures (3000 Pages)	All subject handwritten notes integrated with video lectures (3000 Pages)
Plan Q Bank	Access to 20K Qs in scheduled phases	Access to 20K Qs in scheduled phases
NNSAT	15 Tests	30 Tests

WHAT INSIDE?

- **1200 Hours** of total lectures in both Hinglish & English
- **500 Hours** of New lectures recorded by the new faculty (10 Subjects Completely Revised: AHN Medicine, MHN, NE, NM, NRS, Microbiology, Pathology & Genetics, Ophthalmology, B&N, Pathophysiology & Aptitude & Reasoning)
- **200+ Hours** of Fastrack Revision classes with Super 36 Tests
- **30+ Hours** of Test & Discussion (TAD) videos covering 15 NNSAT TAD & 14 SRT TAD
- Guided Study Approach (Foundation, Intermediate & Fastrack Batches)
- **12000 + New Qs** Added in Different Patterns
 - 14 Subject Assessment Test (SAT)
 - 77 Topic Assessment Tests
 - 15 National NORCET Skill Assessment Tests
 - 25 High Yield Topic Tests (HYT)
 - 10 System-wise Tests (SWT)
 - 10 Image Based Qs (IBQs Tests)
- **20K Qs** under Test Series in Attempt & Review Mode (NORCET & NCLEX Pattern) from basics to advanced.
 - 155 Subject-wise Tests covering 12K+ Qs
 - 120 NCLEX Pattern Tests covering 2.7K Qs
 - 40+ Mini Tests Covering 3K Qs
 - 90+ GTs of NORCET Pattern Covering 15K Qs
 - 10 GTs of NCLEX Pattern Covering 2.5 K Qs
 - 1.5K High Yielding Flash Cards/E-notes of all subjects (Updated Topics)
 - 1K Image Based Qs
- New Interface With New Features (NNL One)
- NNL Revision Book Vol 1 & 2 & Practice Pearls

BONUS CONTENT

1. Live Podcast Channel
2. 25+ Simulation Based Videos
3. 8+ Live Doubt Sessions
4. 40+ Test & Discussion Videos Based on NNSAT & SRT
